

Easy e-Accounting™

Remote Dynamics™ GP with VELOCITY!

STREAMLINE YOUR REMOTE OPERATIONS AND GO PAPERLESS WITH EASY e-ACCOUNTING FOR MICROSOFT DYNAMICS GP

GPC Systems, Inc. has made it easier and more cost effective to enter AP and AR transactions into Microsoft Dynamics™ GP from remote locations.

Easy e-Accounting is a user-friendly web interface to Microsoft Dynamics™ GP Accounts Receivable, Accounts Payable, Cash Receipts and Deposit modules. It allows users in remote locations or within an intranet to enter transactions and upload corresponding scanned images of invoices and cash receipts. No additional Microsoft Dynamics™ GP seats are needed. No more bulky overnight deliveries are required – the scanned images can be retrieved from the Microsoft Dynamics™ GP Transaction Entry and Inquiry window!

For more than 20 years, GPC Systems has developed, maintained, and enhanced custom software systems for Microsoft Dynamics™ GP applications.

Go paperless! View the AP and AR invoices, cash receipts and deposits from your remote locations instantly! Find out how Easy e-Accounting can be the solution to your data entry problems!

DISCOVER THE BENEFITS OF EASY e-ACCOUNTING:

- No additional Dynamics™ GP seats needed.
- Can be used by users in remote locations or within an intranet.
- Scanned images allow your business to go completely paperless.
- Customer records can be created on the fly in the AR module.
- Creates quotes, orders and invoices.

HOW EFFICIENT AND COST EFFECTIVE IS YOUR ACCOUNTING DATA ENTRY FROM REMOTE SITES?

FIND OUT HOW EASY e-ACCOUNTING FOR MICROSOFT DYNAMICS™ GP CAN MAKE A DIFFERENCE.

Are you an organization with a significant number of remote locations? Or are you a very large organization with many Accounts Payable and Accounts Receivable personnel?

Easy e-Accounting is a user-friendly web interface to Microsoft Dynamics™ GP Accounts Receivable, Accounts Payable, Cash Receipts and Deposit modules. It allows users in remote locations or within an intranet to enter transactions and upload corresponding scanned images of invoices and cash receipts.

The application uses Microsoft Dynamics™ e-Connect to create unposted AP and AR batches on the Microsoft Dynamics™ GP server. The document images are stored on a secure location on the network and can be retrieved directly from the Microsoft Dynamics™ GP Transaction Entry and Inquiry window, or you can retrieve them from Easy e-Accounting.

Using Easy e-Accounting can help you improve employee productivity, boost operational efficiencies, and eliminate paper altogether. And this application is very easy to learn and use.

At GPC Systems, Inc., we invite you to discover how Easy e-Accounting, combined with Microsoft Dynamics™ GP, can help your business:

- Save money by eliminating bulky courier deliveries of AP and AR documents from your remote locations.
- Improve efficiencies by going paperless.
- Leverage your Microsoft Dynamics™ GP application without having to purchase additional user licenses.
- Help ensure the smooth flow of financial information across your business.
